Subject: St Charles County Council: West Lake

I talked with Joe Cronin, Council member responsible for West Lake, and explained that EPA and COE would be glad to attend a Council work session to describe work underway and planned, but that 28 Apr was not feasible. He said he would explain that to Council on 28 April. I asked him to contact Sarah Hatch with any further requests for EPA/COE attendance.

I'm asking Jeff to work with COE to develop right team for this Council presentation, and let Sarah know dates that would work so she can pass these onto Cronin. Ideally, we should have this presentation in May.

Cronin said Ben had also talked with him and given great summary of EPA/COE work.
